The Johannesburg Stock Exchange ("JSE") wishes to advise that the abovementioned companies have failed to submit provisional reports within the three month period stipulated in the JSE's Listings Requirements.

Accordingly, the companies' listings on the JSE TRADELECT system have been annotated with an "RE" to indicate that the companies have failed to submit their provisional reports timeously and that the listings of the companies' securities are under threat of suspension and possible termination. Should the companies still fail to submit their provisional reports by 30 June 2011 their listings will be suspended.

This announcement has been placed by the JSE in the interest of shareholders.
